

Because of a growing demand in our services, PHPro is looking for a new colleague to join our team. Are you interested in working with us and you want to apply for this job? Please don't hesitate and send us your CV and motivation letter to info@phpro.be. Our vacancies apply to our office locations in **Hasselt & Kontich** as well as our soon to be opened office in **East Flanders**.

Drupal will be your main focus, but you are eager to learn about the eco-system in which Drupal resides. You always aim for perfection and top quality in your work, you go beyond what was asked if you believe that it will take your project to the next level. You are a team player with a good sense of humour that can work independently.

You like to work in an agile environment and follow best practices when it comes to implementing features for our clients. You have a decent view on popular Drupal modules and are capable of writing your own if necessary. You like to participate in the great community that Drupal has!

YOUR SKILLS

- Knowledge about Drupal 7 or highly motivated to learn!
- Knowledge of PHP and MySQL
- You know about hooks or want to discover what e.g. `hook_entity_property_info` is all about
- Used to working with Git, SVN or other versioning system
- Knowledge of Dutch and English
- Basic front-end work shouldn't be a problem (HTML/CSS/jQuery)

NICE TO HAVE

- Notions of Solr setup (in combination with Drupal)
- Knowledge about Varnish
- Knowledge about previous Drupal versions
- Knowledge of French

WHAT WE OFFER

- Competitive salary with benefits (company car, laptop, ...)
- Challenging projects for both big and small clients.
- Flexible working hours.
- A young team of motivated developers waiting to inspire you.
- Growth possibilities.
