

Because of a growing demand in our services, PHPro is looking for a new colleague to join our team. Are you interested in working with us and you want to apply for this job? Please don't hesitate and send us your CV and motivation letter to info@phpro.be. Our vacancies apply to our office locations in **Hasselt & Kontich** as well as our soon to be opened office in **East Flanders**.

Delivering quality Magento projects will be your focus, but you are eager to learn about the eco-system in which Magento resides. You always aim for perfection and top quality in your work, you go beyond what was asked if you believe that it will take your project to the next level. You are a team player with a good sense of humour that can work independently.

You like to work in an agile environment and follow best practices when it comes to implementing features for our clients. You have a decent view on popular Magento plugins and are capable of writing your own if necessary.

YOUR SKILLS

- Knowledge about Magento or highly motivated to learn!
- Knowledge of PHP (OOP) and MySQL
- Knowledge of XML
- Basic front-end work shouldn't be a problem (HTML/CSS/jQuery)
- Used to working with Git, SVN or other versioning system
- Knowledge of Dutch and English

NICE TO HAVE

- Be the proud owner of one or more Magento certificates
- Not afraid of EAV model
- Knowledge about performance tweaking on Apache/PHP/MySQL level
- Knowledge about Magento Enterprise
- Experience with Zend Framework projects
- Debugging tools have little secrets for you
- Knowledge of French

WHAT WE OFFER

- Competitive salary with benefits (company car, laptop, ...)
- Challenging projects for both big and smaller clients
- Flexible working hours.
- A young team of motivated developers waiting to inspire you.
- Growth possibilities.
